COMING SOON: NEW PORTAL AND ONLINE LESSON PLATFORM!

Beginning on October 1st, Maryville Music Academy will be using a new student/teacher portal system called **Teachers Zone**. We have been hard at work transferring information to this new platform!

We decided that we needed to upgrade to a better platform that is more user-friendly and can do a lot more for our students and teachers. We care about our students and want the best for them as they continue to grow in their music journey here at the academy.

We will be introducing everyone to our new student/teacher portal this month as we roll out the program. Each student will have their very own student app that keeps them in touch with their schedule, assignments, and daily practices as well as a built-in chat system that is safe and a direct line to the staff and teachers. Tons more things that can be done inside the portal and we will get you all of that info as we get ready to launch. The QR scan code is on the bulletin board to access and download your apps!

Also, for our virtual lessons, we are using a fantastic cutting-edge program called **Muzie!** It is specifically for music schools and built by music school owners and musicians.

It's the ultimate platform for online, in-person, and hybrid music lessons. Muzie revolutionizes the way music lessons are conducted, setting new standards for excellence in music education. It features a two-way whiteboard, midi, virtual duets, an engaging rewards system, captivating games, and innovative practice tools. We are very excited to bring everyone these top-quality platforms that will enhance our students and teachers overall experience!

THE MUSICAL LADDER SYSTEM

One of the benefits of studying music at Maryville Music Academy is the exclusive use of the Musical Ladder System®. The Musical Ladder is a music teaching system being used by music schools all across the United States and Canada to inspire music students to practice more while enhancing their love for music. Maryville Music Academy is the only school in the city of Maryville, Blount County, and surrounding areas that uses this system!

In addition to wristbands, students also receive trophies and certificates for certain milestones.

**Ask your
teacher about
the Musical
Ladder System®**

At Maryville Music Academy, the Musical Ladder System incorporates into our lessons flawlessly. As different milestones approach, the music teacher will let your child know what they should focus on and help them learn it. When your child is enrolled, you gain access to a portal through which you can communicate with their teacher. Once the test is scheduled, you'll be notified.

Winter Recital 2023

We are so excited to announce that we have secured our **Winter Recital** date! December 2nd at the Center Stage in the Foothills Mall is where it will be held. The recital start time is to be determined because of the number of students who have signed up.

The Foothills Mall has been so gracious to us since we opened up our location here and they are very excited for us to participate in more events they will be having throughout the year. More opportunities for everyone who wants to participate. YAY!

We will be sending out the criteria for the recital to the students who have signed up such as age-appropriate song choices, attire for the recital, song length, etc.

We can't wait to showcase our students' hard work to everyone!
It will be fun for all of our MMA Elite!

For those who do not wish to participate in the recital, we do have volunteer spots available to help in other areas and you can sign up for that as well.

NEW INSTRUCTOR SPOTLIGHT

Mirielle Howell

Mirielle is one of our newest piano instructors. She received music education when she was 8 years old and has advanced substantially since then.

She has been featured in several nursing homes, recitals, church events, and school events.

Mirielle teaches popular music and classical music.

Music isn't just about learning an instrument it's also about an art. It's an art that helps shape your mind, your heart, and your soul. It helps you to feel good on the inside even when things get crazy on the outside.

Remember that it is always good to to finish what you start no matter if it's in life or in music.
